

Ripponden Parish Council

Ripponden Parish Annual Meeting on Tuesday 26 April at the Ripponden Community Centre 7.30pm

The Annual Meeting is an opportunity to find out more about the work of local community organisations and the scope of the Council's work as it reviews its previous year's activities, events and grant awards.

The Parish Council's Chairman, Cllr Craig Johnson will be chairing the meeting and will provide an overview of its participation in the community; whether hosting Civic Sunday, attending the Parish's Remembrance Sunday service, organising the Christmas lights switch-on and Community Markets.

A variety of local groups – including Ripponden in Bloom, Barkisland Old People's Welfare Committee, Ryburn Football Club and the Bowling Club to mention just a few – will give details of their activities throughout the past twelve months.

Residents can also use this meeting to raise their concerns about any issues within the Parish, or to ask questions of the Council.

Cllr Johnson said, "We invite all members of the Parish to this annual event to gain a better understanding and awareness of the scope of the Parish Council's work. As a Council we also gain an understanding of how our grants have been put to good use to enhance the activities of local groups within our Parish. It also gives us an appreciation of the sheer breadth of local participation that happens on a weekly basis making the parish such a positive, vibrant and engaging community."
